

Product Name:	Industrial Liquid Carbon Dioxide
Executive Standards:	GB10621-2006
Packaging:	Low temperature storage tank and tanker
Storage:	Tank cylinders for storage and transportation of liquid carbon dioxide should be pressure vessels.
Main Usage:	Mainly used for welding, chemistry, casting, refrigeration, chemical fiber, agriculture, scientific research, etc.

Industrial Liquid Carbon Dioxide Quality Standard

Item	Unit	Index
Carbon Dioxide Content (volume fraction)	10 ⁻²	≥99.9
Oil	/	Passes Test as per 4.4
a Carbon Monoxide, Hydrogen Sulfide, Hydrogen Phosphide and Organic Reduzate ^a	/	Passes Test as per 4.6
Odor	/	Odourless
Dew Point	°C	≤-65
